Set the record - Largest Shag Dance

Dancers at the 2011 SOS Fall Migration are invited to set the Guinness World Record for the largest Carolina Shag Dance. The Society of Strangers/Association of Carolina Shag Clubs is organizing the couples' dance to be held the second Saturday of SOS Fall Migration, September 24, in Myrtle Beach! Each participating shagger will be required to register (to document the official count for the record) and pay a \$5 donation which will go to the SOS Charitable Foundation.

The event will be held at the air conditioned City Complex (Aquatic and Fitness Center) located just off US-17. Parking spaces are available at the Complex, but certainly not enough to accommodate every car; therefore, SOS will provide transportation to the Complex originating and returning to Main Street. The World Record dance will take place between 5:00 PM and 5:30 PM. The Aquatic and Fitness Center will not be available for entry until after 4:00 PM. SOS Transportation will begin sometime around 3:00 PM. A SOS Tent will be set up to process tickets and coordinate efficient and effective entry into the event!

Note: BOTB members try to wear black pants and white tops!

Important Information Regarding New Beach Regulations for Fall SOS-Myrtle Beach

The city of Myrtle Beach has issued a new policy regarding tents and canopies on the beach because of safety concerns. Read the policy below and be sure you understand it and comply with the new regulations. **Those who do not comply are subject to a \$250 fine.** Not a good way to start or end a vacation.

The new law is a compromise between the desire to leave things as they were and the desire to ban tents, canopies and other large shading devices from the beach. This ordinance was necessary due to the increased use of tents and other large shading devices on the beach which sometimes blocked public safety and emergency rescue personnel from gaining swift access to people in trouble on the beach or in the water. The new law created horizontal and vertical pathways along the beach for safety and rescue personnel to use in order to reach people in trouble more quickly.

The city hopes that everyone will work together to help make this positive compromise work during 2011 and beyond. These are the highlights of the amended ordinance.

- No Shading devices (tents, canopies, umbrellas, pavilions, etc.) may be set up on the beach before 8am daily.
- Shading devices must be removed from the beach by 7pm daily.
- Shading devices left on the beach after 7pm will be collected by the City and stored for up to 30 days. Owners can reclaim their tents during that period but must pay a \$40 fee, which goes to pay for the labor required to collect, tag and store tents left on the beach after 7pm.
- Shading devices, **other than umbrellas**, must be located landward of the City umbrella line, if no City umbrella lines exist, the high tide mark.
- All shading devices must be located 20-25 feet seaward of dune line. This frees up a lane along the high tide beach for Rescue and Safety vehicles to use in the event of an emergency.
- No shading device may be larger than 12 feet x 12 feet or a total of 144 square feet.
- No shading device may be higher than 9 feet installed.
- Shading devices may not be joined together in any manner.
- Shading devices, **other than umbrellas**, must be placed at a minimum of 10 feet from other shading device.
- Shading devices may not be placed within 10 feet of any lifeguard stand.
- Anchoring lines, if used, may not extend beyond the perimeter of the shading device.
- **Violation of the ordinance is punishable by a \$250 fine.**

The BBQ dinner/fundraiser at our annual Workshop in June was a huge success because of all of the folks that helped to cook, process, clean and perform the many tasks that needed to be done including purchasing and selling BBQ. To all of you, thank you for your encouragement, support and help.
